Describe the Learners

- Are these majors or non-majors?

- What year in school (First-year, Seniors, etc.)?

- What do these students need from the course?

- What are their probable relevant skills, attitudes, knowledge abilities, interests?

- What skills, attitudes, knowledge, abilities, and appreciations do you want the students to have when they leave the course?

- Adapted from Larry Lovell-Troy and Paul Eickmann, *Course Design for College Teachers.* Educational Technology Publications (January 1992)
